FAREWELL ADDRESS

"Thank you" and "I love you" just doesn't seem to say enough to express the feelings I have for the people of the community that have shown such enormous support to the Santa Monica Court and to me as the Empress of Santa Monica.

It has been a fun year in which I have found so many good friends.

My own Court and community have stood beside me and my Emperor. They may not be big in numbers but they are very big in heart. They really believe in what the court system is doing and have worked hard to make this reign a success. I could not have asked for better Court members and Privy Council and I could not have done it without them.

Empress Raven and Emperor LC - you add to the court system something it has needed for years - strength, class, and humor, and Empress Lola-my sister-in-law still wants your dress and hat.

I would like to take this opportunity to tell you Empress Boom-Boom how great you have been and thanks for having the character to come to me with signs of dissension when you could have used the incidents to really stir.

San Fernando - that is a subject that is above reproach. Empress Chu Chu and Emperor Lee, you have had a court that you have been able to explode with pride for. The great numbers and enthusiasm shown by your court has really contributed to Santa Monica's success this year. Great kids [even you sick puppies].

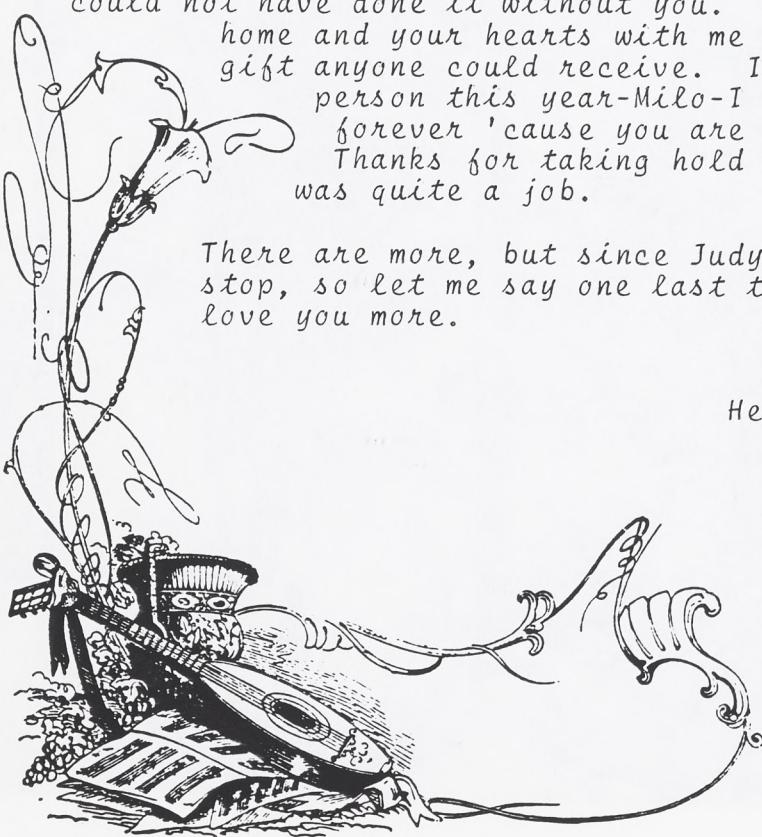

Pam Ramsey - The word "friend" was created to describe you. I personally could not have done it without you. Pat & Ellen - you have shared your home and your hearts with me and my family-that is the greatest gift anyone could receive. I met and got to know another great person this year-Milo-I hope our friendship will go on forever 'cause you are a really neat guy. Lee & Timmie - Thanks for taking hold of me and making me an Empress. That was quite a job.

There are more, but since Judy has to proof this, I'd better stop, so let me say one last thanks...RUTHI-thank you and I love you more.

Her Most Imperial Majesty,

Empress Dee

EMPRESS DEE

FAREWELL ADDRESS

As I approach the end of this reign, I find myself in a quandary, as all monarchs stepping down do...how do you select whom to thank for their friendship and support throughout the year...there is not enough room on a single page...Judy and Darletta... Megan...Jan...Harriet and Ms. Jo... Big Jim...Bobbi and Mary Ann...Violet... Ruth...Each of you know how special you are...Kimberly - next year will tell the tale...

Ellen and Pat...I hope the court system appreciates you and your loyalty as much as I do...To my Empress...Thank you for an interesting year...I will always remember with much love the time we have spent together.

To the rest of the community - thank you for your support during this year.

We are all standing on the edge of a "new dawning". Again, we find ourselves facing the threat of being chased back into our "closets". We are only as strong as the strength of our convictions. I am taking this opportunity to urge all of us to stop bickering among ourselves and unite together to fight the common enemy of oppression and bigotry. I sincerely hope and pray that this coming year will bring us a positive answer to the problem of AIDS. Thank you all again for your love and support.

Yours in Love and Unity,

Her Most Imperial Majesty,

Emperor Hope
